NYCPG
New York Council on Problem Gambling

The New York Council on Problem Gambling (NYCPG) invites partners, organizations, and vendors* to join us as supporters of our 2027 Annual Conference, “Roadmap to Empowerment: Reducing Gambling Harms Through Knowledge & Action”. This professional conference brings together over 300 attendees from across the state, including prevention specialists, treatment providers, recovery partners, educators, researchers, and community leaders. This year we have multiple sponsorship opportunities that are available for partners, organizations, and vendors to showcase their support.

Your participation and sponsorship help us deliver a high quality, engaging event while enhancing the experience through networking, learning, and collaboration.

* To protect the well-being of conference participants, especially those in recovery from gambling related or other behavioral and substance use addictions, we are unable to accept sponsorships or exhibitor applications from businesses within the gambling industry or from organizations whose products, services, or marketing may reasonably be considered triggering or harmful to attendees. This policy is not a judgment of any business or industry, but rather a commitment to maintaining a supportive and safe environment for all participants. We appreciate your understanding and partnership in helping us create a safe and positive experience for individuals and communities affected by gambling harms.
